

# CHOKE SERVICES

**MASTER FLO**  
The leader in choke technology™

## Services include:

- Extended Trim life (Between 5X and 15X).
- Improved Controllability in all ranges of choke position.
- Greatly improved FL (Pressure Recovery Factor) number resulting in lower nozzle fluid speeds, lower noise, less cavitation and erosion.
- Worldwide complete equipment and parts network.
- Better and longer seating capability (Class V) through-out the trim life.
- Patented Cage and External Sleeve Design.
